Powell Corn the Best.

It is a conceded fact that Kentucky corn makes far better meal than does the Western corn. There is plenty of home raised corn in this county, especially in the eastern portion. Mr. Burke, the well-known Rosslyn miller, says he has not yet ground any Western corn and will not have to this season, as he has plenty of Powell county corn in sight to supply his trade for the entire season. With Powell county corn and ground on buhr stones with water power, we would like to know how the Burke meal can be equalled anywhere. If our people want the best in corn meal they will call for Burke's meal. It is or should be sold at every store in the county. Powell county people should call always for Powell county products and in this way help to build up Powell county enterprises.

Everybody wants a daily paper during the campaign and we have arrangements to supply you with the Louisville Evening Post from now until after the election, November 10th, and the Times one year both for \$1.00. This is a bargain that every newspaper reader should take advantage of.

Several of our residents have taken advantage of summer prices on coal and are laying in their supply of fuel for winter.

Now The Time.

Many farmers are now through with their crops and others will finish in a few days. This seems to be an opportune time to begin working the roads, as the sooner they are worked, the better will be their condition when winter comes. Farmers have been so busy this spring that it would have seemed unreasonable to ask them to do any thing that would divert their time from their crops. Now that crop time is about passed work on our roads should begin. We hope to see every road overseer leave his road in one condition for the winter, that is a ditch on each side and oval shaped between these ditches. This is not impossible and should be done. With the roads in this condition you will hear less complaint this winter from mud roads than ever before.

Renew Today.

The postal laws forbid us sending papers to subscribers who are more than one year in arrears, and we must conform to these laws by August 1st. We published the letter we received from the Third Assistant Postmaster General July 1st in these columns, so that you know that it is not us that is urging you to pay up so we can continue to send the paper on to you after that date. Start us a dollar bill today and let us keep her going.

Suckers Born Faster Than Ever.

One hundred and twenty million dollars was filched from the American people during the last fiscal year by swindlers who operated largely through the United States mails, according to a statement just made in a formal report to Postmaster-General Hitchcock.

This was an increase of approximately \$50,000,000 in the aggregate of the previous year.

Of those who are alleged to have operated the fraudulent schemes 1,000 were arrested by postoffice inspectors.

They included persons in all walks of life, merchants and mechanics, politicians and professional men, paupers and millionaires.

The report says that these fraud manipulators, who usually exploit bogus mines, fake remedies and worthless lands, constitute a distinct class of law-breakers.

Kentucky Has Good Coal Year.

The coal mined in Kentucky in 1911 amounted to 13,706,839 short tons, valued at the mines at \$13,617,217, according to a statement of Edward W. Parker, just issued by the United States Geological Survey. This was a decrease compared with the production for 1910 of 926,480 short tons, which, considering the abnormal increase in 1910 due to strikes in other coal-producing States, is considered small. Altogether, Mr. Parker says, the year 1911 may be considered as generally satisfactory to the coal-mining industry of Kentucky, for in both production and value there was a substantial increase over any year prior to 1910. Compared with 1907, when the previous maximum tonnage was recorded, the production in 1911 showed an increase of nearly 3,000,000 tons in quantity and of more than \$2,200,000 in value.

The number of men employed in the coal mines of Kentucky in 1911 was 21,821; about half of these worked ten hours, about one-fourth nine hours a day, and the others eight hours a day. The average production for each man in these mines was about 628 tons for the year and 33 tons for

Death of Mr. Hurst.

for each working day. New mining and transportation developments will, it is believed, result in substantial gains in production in the near future.

Kentucky is one of the leading States in the mining of coal by the use of machines, ranking next to Ohio in the percentage of machine-mined tonnage to the total production. In 1911 more than 65 per cent of the output, or 9,002,288 short tons, was mined by machines. The proportion of Kentucky coal that is shot off the solid is also much less than in the neighboring States, where the use of mining machinery has not been so highly developed.

United States Senator LaFollette, in the closing chapter of his autobiography, which has been running in the American magazine, and which shortly will appear in book form, tells of what he considers to be the one big issue now confronting the American people. He says:

"In twenty-five years of political struggle I have found the great issue overshadowing all others to be the encroachment of the few on the rights of the many. All the issues of today are phases of this one great question. How shall the individual, the farmer, the worker, and all those who pay tribute, be set free from the unjust exactions of the tariff, the railroads, and other forms of oppression by special interests.

"When Roosevelt became President the stock and bond issues of the trusts and corporations in the country was \$3,784,000,000. When he turned the country over to Taft this capitalization had risen to \$31,672,000,000, seventy per cent. of which is water.

"The people of this country are paying dividends on all this watered stock, in the form of necessarily high prices for the things they eat, use and wear."

The practical wisdom of Governor Wilson's nomination is asserting itself more every day. Of all the men who were available for the Democratic nomination none were so well fortified as the New Jersey man to meet the requirements of the country and the party.

That he has the confidence of the business interests is proven by the fact that his nomination did not cause the slightest stir in those financial centers which are supposed to be the business barometers of the country.

All the big corporations are working almost to the limit of their capacity despite the efforts of some Republicans to make it appear that business is already letting up. Every day sees the conversion of some influential Republican to the Governor's allegiance. Among the latest of these is C. R. Crane, the Chicago multi-millionaire who long supported Roosevelt.

Added to these favorable signs the government crop reports indicate that a bountiful harvest will be gathered, so it appears that even Providence is smiling down on the New Jersey's candidacy.

The Standard Oil Company's profit figures for the six months ended July first—the first six months of operation under the terms of the Supreme Court's dissolution decree—show that the

trust has piled up profits of \$46,611,628. Last year the Standard Oil Company, of New Jersey, the company which distributed dividends for the trust under the old regime, paid out profits of \$39,335,320. Thus it is apparent that "dissolution" decrees are highly profitable to such law defying monopolies as the Standard Oil Company.

Many Republicans say they will vote for Wilson because in Taft they don't concede to have a Republican candidate. We'll accept their vote alright, but will deny the charge that Taft is not a Republican, because he is in every sense that the word applies. The trouble is many honest Republicans are just now realizing what they have been voting for and are now determined to vote right, that their eyes have been opened.

The bosses of the Roosevelt party are the worst kind of bosses. They are self-appointed.

Some of the church members of Clay City are apparently very derelict of duty. Every member of a church should feel and know that it is their duty to creditably maintain its organization, and if each individual member will do his part the churches nowhere will suffer. If some of the lady members would see to it that they keep up their end of the church work in the same style as they manage to dress themselves, and if some of the male members would conclude that they could afford to pay even one-half as much to the support of the church as they do to the support of the saloons, the churches of Clay City would soon be in a flourishing condition. Social affairs well cared for first, then we'll do what we can for our church, seems to be the rule in Clay City with some members, and this rule if much further indulged in, will result in supplanting the church with social affairs altogether.

LOCAL BREVITIES.

Miss Hettie Blair, of Morehead is visiting her cousin, Mrs. A. T. Whitt.

A Mr. Pence, representing the Hanna Paint Co., was in the city Monday.

Miss Maude Fletcher is visiting the family of A. C. Barrow at Hedges, Ky.

Miss Grace Shimmfessel is in Winchester visiting Miss Carrie Belle McPherson.

Mrs. Silas Hammons continues in a critical condition with little hope for recovery.

Misses Ethel and Betsy Johnson are visiting their uncle, John Conlee, in Montgomery county.

Mr. and Mrs. Jeff Martin, of Stanton, spent Tuesday with the former's brother, Dr. Martin.

Misses Reese Shimmfessel and Grace Martin are visiting Miss Hattie Knox, at Levee, and attending the Montgomery county Fair.

Jeff Merrill, of Winchester, died of typhoid fever and was brought to Powell's Valley Saturday for burial. Deceased was a brother-in-law to Paul Tipton, who lives near this city.

Dr. Martin reports the following births: A son to Mr. and Mrs. F. P. Adams, Jr., Sunday July 21st; a son to Mr. and Mrs. Mattison Barker, Monday, July 22nd, and a son to Mrs. Walter Lyle, of Winchester, who is visiting in this city, Monday, July 22nd.

Mr. Ike Rogers died near Furnace last Wednesday of fever. Deceased is survived by wife and several children. Mr. Rogers was twice married, first to a Miss Conlee of this county and the second time to Mrs. Caroline Warmouth, of this city. James G. Rogers attended the funeral from this city.

After all the apple crop is abundant and we will have peaches a plenty. The latter crop is abundant only on the high lands. Blackberries in some places are also plentiful. Upon the whole this season is proving to be one of plenty of fruit and one above the average years, though prospects appeared very gloomy in the Spring.

The tables of the thirteenth census show that the tobacco industry is the eleventh in importance in the United States. The total value of the products of all factories was \$416,695,104, of which \$289,509,488 was added by manufacture. Of this sum \$69,354,954 went for wages, and the total expenses were \$875,972,730. Nearly half the employees are females.

Insect Bite Costs Leg.

A Boston man lost his leg from the bite of an insect two years before. Dog days begin today and will last for forty days. Many are anticipating a drouth from this date.

Haying season has begun with the farmers. The hay crop in this county was never better and all that will keep farmers from raising enough to supply the home demand is because they have not enough acres in meadow.

The Choice of a Husband

is too important a matter for a woman to be handicapped by weakness, bad blood or foul breath. Avoid these killhopes by taking Dr. King's Life Pills. New strength, fine complexion, pure breath, cheerful spirit—things that win men follow their use. Easy, safe, sure. 25c at all dealers.

The building of railroads seems to flood the country with tramps and beggars for something to eat. This has become a nuisance in Clay City since the extension of the L. & E. With the building of the new line from Winchester to Irvine, which is so near us, we may expect to be tormented until this road is completed, which will be something like two years yet.

What Makes a Woman?

One hundred and twenty pounds, more or less, of bone and muscle don't make a woman. Its a good foundation. Put into its health and strength and she may rule a kingdom. But that's just what Electric Bitters gives her. Thousands bless them for overcoming fainting and dizzy spells and for dispelling weakness, nervousness, backache and tired, listless, worn out feeling. A Nervous Woman Finds Relief After Many Years

Women who suffer from extreme nervousness, often endure much suffering before finding any relief. Mrs. Daniel Kintner, of Defiance, O., had such an experience, regarding which she says:

"I had stomach trouble when I was eighteen years old that broke down my health, and for years I suffered with nervousness, headache, indigestion and nervous spasms. The spasms got so bad I would have them three or four times a week. After trying nearly every remedy recommended, I began taking Dr. Miles' Nervine, and I must say it helped me wonderfully. I have had no severe nervousness for several years."

MRS. DAN KINTNER, 1002 Pleasant St., Defiance, O.

Many remedies are recommended for diseases of the nervous system that fail to produce results because they do not reach the seat of the trouble. Dr. Miles' Nervine has proven its value in such cases so many times that it is unnecessary to make claims for it. You can prove its merits for yourself by getting a bottle of your druggist, who will return the price if you receive no benefit.

Why Have "Nerves"?

This is the reason why women have "nerves." When thoughts begin to grow cloudy and uncertain, impulses lag and the warnings of pain and distress are sent like flying messages throughout limbs and frame, straightway, nine times in ten, a woman will lay the cause of the trouble to some defect at the point where she first felt it. Is it a headache, a backache, a sensation of irritability or twitching and uncontrollable nervousness, something must be wrong with the head or back, a woman naturally says, but all the time the real trouble very often centers in the womanly organs. In nine cases out of ten the seat of the difficulty is here, and a woman should take rational treatment for its cure. The local disorder and inflammation of the delicate special organs of the sex should be treated steadily and systematically.

Dr. Pierce, during a long period of practice, found that a prescription made from medicinal extracts of native roots, without the use of alcohol, relieved over 90 per cent. of such cases. After using this remedy for many years in his private practice he put it up in form of Dr. Pierce's Favorite Prescription, that would make it easily procurable, and it can be had at any store where medicines are handled.

Mrs. LILL B. HAWKINS, of Zeus, Va., writes: "I had been failing in health for two years—most of the time was not able to attend to my household duties. Female weakness was my trouble and I was getting very bad but, thanks to Doctor Pierce's medicines, I am well and strong again. I took only three bottles of 'Favorite Prescription,' and used the 'Lotion Tablets.' I have nothing but praise for Doctor Pierce's wonderful medicines."

SPEED PROGRAM

RUNNING RACES AND HARNESS RACES TO BE GIVEN ON EACH DAY.

Cup Races to be Given Each Day by the Gentlemen's Driving Club at Blue Grass Fair.

An excellent speed program has been arranged for the Blue Grass Fair at Lexington, week of August 12th to 17th.

On each of the six days there will be running races and harness racing on every day but Saturday. The two-year-old stake to be contested during the week, closed with 33 entries including nearly all of the best in training in Kentucky. This race has always been one of the best races of the year for two-year-olds and this should prove no exception to the rule.

In addition there will be a 2:16 trot, a 2:20 pace, 3-year-old trot and 2:22 trot. There will be no deduction from winners except in the stake, the entries to which closed May 10th.

Other features will be added and announced later.

THE PARKER SHOWS

Will Present Several Headline Attractions at Blue Grass Fair.

It is always customary for the larger tented enterprises to offer one big feature attraction, sparing neither time or expense to make it the crown jewel of the show. Mr. C. W. Parker, founder and owner of the Parker Amusement Company, who remains at his big factories at Leavenworth, Kan., and directs his various companies from the home office, conceived the idea that a big European novelty would be the proper attraction for his largest company, The Greater Parker Shows. With this idea in view Miss Essie Fay and her beautiful full blooded Arabian were booked for this season's tour of America.

Miss Fay, who was an English woman by birth, was touring Arabia with her father, who at that time was a member of the English Parliament. When a guest of the Prince of Morocco at his palace in Tripoli, the Prince was pleased with Miss Fay and presented her with an Arabian yearling. The young lady shipped the horse to her father's stable. While roving the green with her new pet, she formed an attachment to the colt, and he the same to her, and in his grace and beauty, she thought she saw something promising. With his increasing brains and grace, and the careful training of its mistress, "Arabia" was quick to win acclaims of royalty and nobility in the greatest coliseums of Europe.

At London, Paris, Berlin, Naples, Madrid, Moscow, Vienna and St. Petersburg "Arabia," under the directions of Miss Fay, has astonished thousands who have witnessed "Arabia" add and subtract, answer questions, "yes" or "no" by the nod of her head, use the telephone, and do other astonishing feats, displaying an animal intelligence almost unbelievable of any dumb brute. "Arabia" goes to a big brass bed, takes off his nightcap, undresses, turns down the covers, arranges the pillows, gets into bed, covers himself up again and apparently goes to sleep. Finishing his exhibition with a startling and exciting fire scene. Crushing down his stable door, he dashes across the lawn to the burning building of his mistress, he reappears leaping through the window with an infant child in his mouth and his mistress across his shoulders. "Arabia" the "fire-fighting" horse and "Arabia" the "good-night" horse will appear in Lexington at the Blue Grass Fair August 7-12.

HALF FARE RATES TO FAIR

Do not fail to visit the Blue Grass Fair at Lexington the week of August 12th to 17th. One fare rates will prevail on all railroads in Kentucky. Every afternoon and evening beginning Sunday, August 11th, there will be magnificent band concerts by Frederick Nell Innes' Orchestra Band, accompanied by Beatrice Van Loon, one of America's younger sopranos, who is recognized as one of the most charming and delightful soloists before the public to-day.

WOMAN'S DEPARTMENT.

The Women's Department of the Blue Grass Fair, to be held at Lexington, August 12 to 17th, will be more important and extensive this year than ever before. The premium list has been revised, and prizes offered for

or almost every kind of woman's work and table luxuries. The third floor of the Art Hall is given entirely to this department, and is usually one of the most attractive exhibits of the Big Fair.

This year the second floor will be utilized by the "Made in Lexington Club," and it is needless to say will be made as attractive as possible, and will be an exposition of wares manufactured in Lexington.

On the lower floor the management has arranged with the Canadian Government Exhibit to bring their display of wheat, grain and other agricultural products. This should attract the attention of every farmer in the state, as it is the same display made at big state fairs and expositions.

POULTRY SHOW

The Blue Grass Fair has this year become a member of the American Poultry Association, and the exhibit in this large and important department will be governed by the rules of that Association. This is a guarantee of equal rights and justice to all.

A classification embodying premiums for over 300 classes of poultry and pigeons has been prepared, and the management expects this year to be, as usual, a great show.

In addition to the cash premiums, the Blue Grass Fair and a number of merchants of Lexington have donated 20 handsome silver cups, ten for poultry and ten for pigeons. The show is in charge of the same excellent and efficient committee as in past two years, and Mr. S. B. Lane, of Spiceland, Ind., has been secured to act as judge. Dr. C. W. Trapp, of Lexington, will judge the classes for pigeons. An entrance fee of 25 cents for each bird will be charged and the management hope that this, together with the American Poultry Association rules to govern, will confine the entries to real owners of birds.

The West is rapidly becoming the musical center of America, and it is in recognition of this that the headquarters of Innes and his band have recently been moved from New York to Chicago. In welcoming the famous bandmaster to Chicago, one of the leading newspapers of that city said:

"In response to the invitation of many of Chicago's most prominent patrons of music, Innes and his orchestral band of sixty players have removed their general offices and official home from New York to the City of Chicago. The series of popular concerts announced to be given by the organization will fittingly mark this latest addition to the musical forces of our city."

Farm Drain Tile

Make Your Wet Land Productive.

By the use of drain tile you can turn that low, wet, useless, swampy field into the most productive spot on your farm. Good tile, properly placed, not only carries off surplus water, it admits air to the soil and makes it easy to work. It improves any soil. The increase in the value of the land is many times the cost of the tile. The first year's crop from tiled land pays for it. Any body can do the work successfully. Write for particulars or call at our plant.

Very Serious

It is a very serious matter to ask for one medicine and have the wrong one given you. For this reason we urge you in buying to be careful to get the genuine—

THE FORD'S BLACK-DRAUGHT Liver Medicine

The reputation of this old, reliable medicine, for constipation, indigestion and liver trouble, is firmly established. It does not imitate other medicines. It is better than others, or it would not be the favorite liver powder, with a larger sale than all others combined.

Be Happy!

Happy the girl, or woman, who has never suffered from any of the diseases of womanhood! Or, if she has been a sufferer, happy is she if she has learned of the wonderful benefits of Cardui, the woman's tonic!

Cardui is a gentle, tonic remedy, for women's ailments. It is a natural medicine—safe, harmless, purely vegetable. It has been in successful use for more than 50 years. It has cured thousands. It should do the same for you.

TAKE The CARDUI Woman's Tonic

Mrs. Mary Neely, of Denver, Tenn., says, "I think there is no tonic on earth, as good as Cardui. I used it with the very best results. I had backache and nearly everything a woman could suffer with, until I took Cardui. Now, I feel better than I have for two years. I shall always recommend Cardui to other suffering women. I can't praise it too highly. As a medicine for weak, tired, worn-out women, Cardui is safe and reliable. Try it, today.
